HOLIDAYS: SWC operates on a 10-week quarter system. Courses that fall on holidays meet as scheduled.

EARLY REGISTRATION INFORMATION: If you have a schedule conflict between certain courses that are offered on the same day and time, or your employment, childcare, travel, health, or something else, please check for an alternate day/time for one of those courses. If you determine that you must get into a specific section of 1 or more courses, please fill out the [Early Registration](#) Request. Do not assume there will be room in the section you need. Requests for Early Registration are due by 5pm, Friday 11/15/24 (no exceptions). Please have your supporting documentation ready to upload to the form. NOTE: Do not submit this form if you are designated as “on ground” and want to take an online section as these requests will not be granted. See designation policy in the College Catalog or the Registration folder in the Student & Career Services group on Populi.

REGISTRATION DATES: You will receive an email prior to registration with your individual registration time slot. **Monday 12/2: New Distance Students, Tuesday, 12/3: Distance Students. Thursday, 12/5: On-Ground Students. Friday, 12/6: Interns.**

ASYNCHRONOUS courses do not meet at a scheduled time. All coursework is completed in Populi, and interactions occur through the discussion board and other interactive learning activities. Assignments and learning activities are due per the course schedule and deadlines in Populi. ZOOM SYNCHRONOUS PLUS ASYNCHRONOUS courses meet at a scheduled time via Zoom and have additional asynchronous learning activities. These courses are intentionally scheduled to meet for less than the required hours to reduce time on Zoom (e.g., reducing meeting time from 4 hours to 3 hours and replacing 1 hour with asynchronous learning activities).

Through case studies we will explore ethical issues such as special considerations in working with more than two people, such as how to determine who should attend sessions, how to maintain therapeutic alliance with multiple people, and when co-therapy might be a helpful model. Participants will explore their own feelings, biases, and experiences with various relationship structures to be aware of and avoid harmful countertransference.

EMBODIED CLINICAL SUPERVISION: A SOMATIC INTEGRATIVE RELATIONAL DANCE

with **Ingrid Lacey, MA, LPC/LPCC, CPCS, BC-DMT, GLCMA**

Tuesday, February 4th, 6-8pm; via Zoom

This lecture will explore the somatic integrative relational dance of supervisory relationships. Applying an embodied approach to supervision facilitates a holistic process where the verbal and non-verbal aspects of insight and understanding are comprehended as an integrated whole. Drawing from Dance Movement Therapy, Somatic Experiencing, Polyvagal Theory, and Chi for Two® - The Energetic Dance of Healthy Relationship, attendees will learn body-based strategies to support their supervisees. This somatically informed approach provides multiple pathways to access emergent content during the supervisory session, revealing unconscious biases, and furthering self-reflective practice in therapeutic work.

Ingrid Jennifer Lacey is a licensed professional counselor, board-certified dance movement therapist, certified movement specialist & educator, certified professional clinical supervisor, and a Chi for Two® Embodiment Coach. She completed her MA in Dance/Movement Therapy & Counseling from Columbia College Chicago, after teaching dance to marginalized populations and performing professionally in England and the Republic of Ireland. Ingrid maintains a private psychotherapy practice, and specializes in trauma, anxiety and mood disorders with adults. She enjoys integrating elements of expressive arts, Chi for Two, Dialectical Behavior Therapy and Celtic spirituality with clients, students and clinical supervisees. Ingrid serves as adjunct faculty for alternate route dance therapy courses in Atlanta and Chicago and enjoys being a part of the diverse dance community of Atlanta.
